

## PASSING OF REGIMENT IS A CEREMONY

(By Associated Press.)  
HONOLULU, Dec. 28.—The passing of the Forty-fourth United States Infantry, born during the world war, into an existence solely on paper somewhere in the pigeon-hole of the war department at Washington, was marked by an impressive and picturesque ceremony at Schofield barracks when the officers and men of the Forty-fourth were merged with the Twenty-first Infantry.

The colors of the Forty-fourth regiment were marched into barracks while the colors of the Twenty-first, which was organized in the war of 1812, were presented to the merged regiment by its colonel, General Joseph E. Ralston, acting commander.

## FUEL OIL TANKS ERECTED IN PACIFIC

(By Associated Press.)  
PAGO PAGO, American Samoa, Dec. 28.—The United States Shipping Board is erecting two huge oil tanks here to fuel board vessels on the trans-Pacific run. The material for the tanks was brought by the steamship "Eastern Queen."

## POWER CANAL COMPLETED TO GREAT EXTENT

(By Associated Press.)  
BUFFALO, Dec. 28.—Completion of the 12-mile Chippewa Queens-land canal of the Ontario hydro commission brings water power development at Niagara Falls to the equivalent of 1,000,000 horsepower, equivalent in steam generated electricity to a coal consumption of more than 10,000,000 tons a year. This mighty canal, long one of the wonder sights of the world, has become the world's greatest center of hydro-electrical power.

Dredges which have been cutting through earth and rock north from Chippewa and south from Queens-land for 7 1/2 years in a wide swing about the falls, were removed this month. They have taken out 13,200,000 cubic yards of earth and 4,182,000 cubic yards of rock, a total slightly more than the French had removed from the Suez Canal at the time the Panama route was taken over by the United States. The maximum depth of the Chippewa ditch is 145 feet and at one point

the engineers were confronted with a rock cut 85 feet in depth. They also had to change the course of Chippewa creek, its natural course was southerly into the Niagara while the completed canal will flow northerly.

## REWARD

Will pay \$250 for the arrest and conviction of one or all the parties who broke into the shaft house of the Apex Mines company and took a 30 h. p. motor and starting box. Will pay a further reward of \$100 for the return of the motor and starting box. A further reward of \$100 will be paid for information leading to the arrest and conviction of one or all the guilty parties.

## BAR FIXTURES MAY BE USED FOR PULPITS

(By Associated Press.)  
DETROIT, Mich., Dec. 28.—(Jones of mahogany, walnut and teakwood bars, tables and fixtures from saloons raided in the Detroit district since the advent of prohibition, a display of highly polished and costly wood valued at upwards of \$200,000, may be chopped into firewood and distributed among Detroit's poor. Or these bars and tables, over which thousands of sinners have been crooked and that in years past have been made to glisten by constant application of towels in the hands of white-aproned attendants, may be converted into benches for august judges or into pulpits behind which clergymen will stand and voice the arguments for a sinless world.

While state and city prohibition forces are making up their minds which course to pursue in disposal of the valuable store of wood, rats and mice are playing havoc with the bars and tables that have been dumped in a heap near one of the city's police stations.

## PASSION PLAY REHEARSALS HAVE BEGUN

(By Associated Press.)  
OBERAMMERGAU, Dec. 28.—The long list of characters for the Passion Play, which will be produced here a number of times in 1922, have been selected, and rehearsals have begun. The chief roles will be played again by veterans some of whom have participated in the presentation for 40 years.

The Passion Play committee decided not to violate Oberammergau tradition by permitting pictures to be taken of the play. American moving picture representatives approached the committee with offers of millions of marks, but their proposals were promptly rejected.

## SOLDIERS TO BE PAID OFF BY GERMANS

(By Associated Press.)  
COBLENZ, Dec. 28.—Current expenses of the American forces in Germany, which amount to approximately \$1,000,000 a month, are to be paid hereafter by the German government direct in marks, it was announced recently at army headquarters in Coblenz. This idea was suggested by Major General Henry T. Allen, commander of the American troops on the Rhine, as a substitute of the previous plan whereby the United States government paid the expenses of the occupation troops; the funds to be collected later from Berlin.

Why you reach for your telephone

When Alexander Graham Bell took the first model of a telephone to the Centennial at Philadelphia those in charge of the mechanics building exhibit put him off in an obscure corner with his "plaything."

Today—every branch of industry in our national life hinges its efficiency on the telephone.

Home life too. Its comforts and time-saving qualities make it indispensable.—"TALK WITH US."

## OLDEST MAN GIVES ADVICE ON MATRIMONY

(By Associated Press.)  
PARIS, Dec. 28.—A modern Mesopotamian, reputed to be the oldest man on earth, has started out to see the world before he gets "too old to travel." Zora Mehmed, 145 years old, of Constantinople, has arrived in Paris. Zora, who has been working pretty consistently for 140 years, is in excellent health, and boasts of being able to carry a 200-pound weight.

Zora produces identification papers to prove he was born in 1775 and he refers to his closest competitor for longevity honors, a Sioux Indian in the United States, aged 137 years, as "a mere boy." Zora has a son 65 years old and he has so many descendants that he long ago lost count.

The aged Turk is a skeptic on the subject of matrimony. Having tried the experience four times he says he speaks with a certain amount of authority.

"Women," said Zora shaking his head bitterly, "women, they may seem as sweet as the rosy dawn, but verily they are more often like thorns, hidden only by a rosy exterior."

## SILVER MEN MEET TO MAKE PRICE BETTER

(By Associated Press.)  
MEXICO CITY, Dec. 28.—Steps have been taken with government sanction to form a syndicate of silver producers in Mexico to prevent the depreciation of this metal or at least on sudden fluctuations which during the past year have made silver mining in the republic a forsaken industry. It is pointed out that Mexico produces more than 60 per cent of the world's supply of silver and that it is only logical that mine owners in the republic should exercise a stabilizing influence on the market price of the metal.

## It pays to make your meaning clear

AWAY BACK IN  
"THEM GOOD old days,"  
THE STORY goes,  
THAT AN elderly female,  
WHO WAS violently  
OPPOSED to the bootch,  
ENTERED A street-car,  
IN WHICH there sat  
A MAN evidently ousted.  
SHE CALLED the conductor,  
AND CRIED indignantly,  
"OO YOU allow,  
DRUNKARDS in this car!"  
AND HE replied,  
"JUST MOVE over, ma'am."  
NEXT TO that other one,  
AND NOBODY,  
WILL EVER notice you,"  
NOW I suppose,  
THERE ARE cigarettes,  
THAT KINDA get  
LOST IN the shuffle,  
AND NOBODY gives 'em  
ANY SPECIAL notice,  
BUT NOT my brand,  
NO, SIR,  
FOR TASTE and aroma,  
YOU CAN'T beat 'em.  
AND THEY'RE mild—yes,  
AND YOU'LL never  
MISTAKE THEM,  
BECAUSE THE "Satisfy-blend,"  
CAN'T BE copied.

LET'S make this perfectly clear. Chesterfield cigarettes "Satisfy," because they contain exceptionally fine Turkish tobacco, blended with Burreley and other high-grade domestic tobaccos. They're like no other cigarettes, because that blend can't be copied. Chesterfields do what no others can—and no cigarette could do more.

## Burglars Don't Seek the Light!

Darkness is their stock in trade. They work by stealth—unheard and unseen—their movements cloaked in secrecy. It's honest folks that see the light. They are the only ones who can risk it.

It's the same way in business. The merchant who is not sure of his goods does not dare to advertise. Advertising would hasten the end of his business career—put him to a test he could not meet.

The merchant who advertises, deliberately invites your inspection. He tells you about his product and then lets it stand on its own merits. You can depend on him. He knows his product is good.

That's one reason why it pays you to read the advertisements in THE BONANZA. It is through advertising that you are able to keep in touch with the good things that progressive business houses are spending their money to introduce and keep before you.

Advertisements are interesting, instructive and profitable. They throw a powerful light on the very things that concern you most. READ THEM!
